

1AL/12DA Aluminium Cylinders

Product offering

Calgaz offers two aerosol type gas cylinders used where the quantity of gas required is small.

The 1AL is supplied with a plastic trigger mechanism allowing an unregulated flow of gas to be released. This product is not certified for use in Europe.

The 12DA is supplied with a screw type valve and requires a regulator from the FF20 range to be fitted to regulate flow. This product is not currently approved for use in the USA.
